

## The Program

ACI Laboratory Technician Certification Program

## Certification Level

Concrete Strength Testing Technician is an individual who has demonstrated the knowledge and ability to properly perform, record, and report the results of four basic ASTM laboratory procedures related to the determination of concrete compressive and flexural strength.

## Scope & Knowledge

The program requires a working knowledge of the following ASTM Standards:

**C617**-Capping Cylindrical Concrete Specimens

**C1231**-Unbonded Caps for Concrete Cylinders

**C39**-Compressive Strength of Cylindrical Concrete Specimens

**C78**-Flexural Strength of Concrete

## Certification Requirements

Certification will be granted to those with

1.) A passing grade on the written examination; and

2.) Successful completion of the performance examination.

The one hour written examination consists of 40 multiple choice questions. There are at least 8 questions on each of the ASTM Standards.

To pass the exam you must have: at least 60% correct for each of the required standards, and a minimum score of 70% overall. The performance examination requires demonstration of the required ASTM Standards.

Recertification is required every 5 years, and requires completion of the written and performance examinations.

## How To Register

Complete the enclosed registration form. Payment must be received in order to be registered. If paying by check, make check payable to WRMCA.

Mail the form and payment to:

WRMCA  
44 E Mifflin Street  
Suite 305  
Madison, WI 53703

Or you can email your registration form with your credit card number to [knovak@wrmca.com](mailto:knovak@wrmca.com).

## Program Times February 17, 2022

Registration begins at 7:00am

Lecture begins at 7:30am

Written exam at 11:00am

Lunch at 12:00 pm

Lab Test begins at 1:15 pm

## Cost

Written and Performance Exams

WRMCA Member \$405

Non-Member \$580

## Retest Only

Written or Performance Exams

Member \$300

Non-Member \$380

## Deadlines

Class size is *limited* so register today!

## Study Materials

The Technician Workbook for ACI Certification of Concrete Strength Testing Technician will be distributed the morning of the class.

# ACI Concrete Strength Testing Technician

Sponsored by the WRMCA
