

HABITAT FOR HUMANITY OF DANE COUNTY BEHIND THE BUILD EVENT

November 3rd, 2022 | 10:00am - 12:00pm

**BUILD WITH
STRENGTH**

1853 Beld Street Madison, WI, 53713

EVENT DESCRIPTION

[Habitat for Humanity of Dane County](#) partnered with The National Ready Mixed Concrete Association's (NRMCA) [Build with Strength Coalition](#) to build an affordable, single family home in Dane County using insulated concrete forms (ICFs), a sustainable, noncombustible concrete building system that will reduce upfront expenses and on-site construction time while maximizing the structure's durability and energy performance. Habitat for Humanity of Dane County has built affordable housing in 18 communities across the County helping to close the increasing housing gap.

Community members, volunteers, local leaders, and media are invited to a **"Behind the Build" event November 3rd from 10 AM - 12 PM on the project site at 1853 Beld Street, 53713**, to celebrate the progress made and meet the many people and partners who have helped bring these homes to life.

The event will feature remarks from local leaders, a guided hard-hat tour of the homes, and a "block signing ceremony" where attendees will have a chance to write well wishes and blessings for the Habitat families on the ICFs. Importantly, the event will offer an opportunity to meet and celebrate with the future Habitat homeowners and their family.

Dane County is currently facing an affordable housing crisis, with 7% of households in Dane County spending over 50% of their income on housing. Among Wisconsin Counties, Dane County is ranked second in terms of underbuilding. This means there are not enough housing developments being built to meet the current demand.

AGENDA

10:00AM

Event Kickoff! Opening remarks from local leaders, partners, and the future Habitat homeowners.

10:30AM

Block Signing Ceremony - attendees will have the opportunity to write well wishes and blessings for the future homeowners directly on the ICF blocks.

11:00AM

"Behind the Build" - Guided Hard Hat Tour of the Home - learn more about the many benefits of building with ICFs.

11:30AM

Mix and Mingle with the future Habitat family, partners and volunteers who have helped build this project from the ground up.
